Methodist and United Reformed

## A Message from your Minister

Dear Friends,

This has been my first Christmas in the Orpington and Chislehurst Methodist Circuit and therefore it has been very special. I have experienced Circuits/Churches where they do things differently. Yet be it a Nativity, Carols by Candlelight, Lessons and Carols and Christingle Services, at the heart of it all, the fundamental goal is the same, Lord Jesus Christ is glorified. It has been edifying during this festive season.

Advent and Christmas prepares us for the end of year on the surface. Christmas is the most precious event that ever happened in the entire universe. It is a great story of the birth of Lord Jesus Christ. "God so loved the World that He gave His only begotten Son." (St. John 3:16). Taking us to the crucial plan of God for the Redemption process for humanity.

During Advent we had a Civic Carol Service organised by Churches Together in Sidcup. The Service was well attended not just by regular members, various church representatives and the community in general. The Carol Service by Candlelight at Emmanuel was an informal evening with refreshments. It was wonderful and encouraging to see the service so well attended. The "Missing Generation" was very present and some of them played the accompanying music. I have since been trying to reflect on what we can do to attract them for all times. Something very special happens during Christmas and most individuals come forward to worship the King of Kings.

The Church which is always in dispersion came together at Advent and Christmas. It happened according to divine plan. Man can never escape from the obedience to God. For a creature cannot but obey.

The most profound tenderest thing in the World was happening. For us it is not just a way of waiting and reflecting. It is about God Himself, the Lord and Creator of all things who is a baby here, who is hidden, who enters into the World in a manger. God through his grace helps us to recognise Him.

However, on a sad note Christmas has not been the same in our Community at Emmanuel. We lost two long standing members of the congregation, Mrs Valerie Hopkins and Mrs Jennifer Scopes. Our prayers and thoughts remain with their families.

The great year of the Queens Diamond Jubilee, the Olympics and Paralympics games is drawing to an end. We stand at the edge of 2013, to start another journey, where only the Lord knows the destination. We are called to go to places, to respond to needs and opportunities as we travel and engage with the year.

However, there will also be challenges and barriers, so let us not forget the Wonderful Counsellor, Mighty God, Everlasting Father, and Prince of Peace who will lead and guide us.

At the beginning of 2013, may I wish you my brothers and sisters in Christ a very happy, blessed and holy New Year. May the Lord be our Counsellor, may He be our Shepherd, and may He be our Banner and upholder. May the Lord be our delight, the object of our daily resort and desire of our hearts. May the Blessed Hope be our focus

through the year, may we think of His coming daily and may we look beyond today to that time of the last Advent.

May God Bless you always

*Juliet Ushewokunze*

## Pastoral News

We regret to announce that two of our Emmanuel friends died during November and December. Valerie Hopkins and Jennifer Scopes. Our love and sympathy go to their families.

Valerie Hopkins had been a life long member of the church from the Primary Department of the Sunday School through to the Bible Class. The Brownies, Guides and Youth Club were also formed during her early years, and she became a Life Boys leader with the Boys Bridgade Her Dad was a leader, and brothers Lionel and Clifford were both members. She took an active part in church life, taking part in Anniversaries, concerts, bazaars and singing at the Albert Hall with the Youth Club at the annual MAYC weekend. When her parents moved to Highview Road, the church was able to hold events in their large garden. She married at the church and had Geoffrey, her only son. Later, when she retired she joined the Women's Hour, and her choice of hymns were 'Will your anchor hold?' and 'Manx Fisherman's Hymn'. We shall all remember her with great affection.

On 28th November, her brother Lionel died suddenly, so we send our love and sympathy to his wife Betty and their family

---

Jenny Scopes, a former member of the Congregational Church in Station Road, had been a very active member of Emmanuel since its union. For many years she ran the Playschool, taught in the Sunday School and Holiday Club, and was a member of the Friendship Club, and Outreach.

We shall all miss her, and give thanks for all the contribution she gave to Emmanuel, especially her friendship.

She died on the 1<sup>st</sup> of December and her funeral will be at Eltham Crematorium on Jan 2<sup>nd</sup> at 1.00pm. There will be a Thanksgiving Service at Emmanuel on 26<sup>th</sup> January at 3.00pm.

Peter's brother Barry had recently died in November, so we send our love and sympathy to his family. Continue to pray for Peter at this sad time.

---

Maryia Long and Sheila Justham are making steady recoveries. It was lovely to see Maryia at the Christmas Eve Midnight service. Jean Newman is in Farnborough hospital with an infected leg. Remember her in your prayers.

Congratulations to Allicia on the birth of a granddaughter, Isabella on 7-12-12.

Olive Lewis will be moving on the 4<sup>th</sup> January and we wish her every happiness in her new home at 10 Elmington Close, Bexley, DA5 1LY. For many years Olive has organised the Christmas Card Tree for members, and was always involved in the scouts with Dallas.

Remember those in nursing homes, Lorna New in St Margaret's and Bunty Cumming in Sunrise nursing home at Sevenoaks. Remember also Freda Elam, Alan Webb and Gordon Emms.

## Friendship Club

**We are deeply saddened by the death of Jenny Scopes. Jenny was an exceptionally brave individual, battling her illness with fortitude and courage to the very end. We remember her as an exemplary leader, looking after the group for the past many years. Jenny will be greatly missed. Our thoughts are with Peter and his family at this difficult time.**

At the November meeting Judith and Tony showed us pictures of the Lake District. The initial picture showed the horrific flood in Cumbria in 2009. Then we saw pictures of various shops in the main street and the weekly market stalls in the market place of Keswick; in the market square is the imposing building, the Moot Hall, now used as an Information Centre. All these prove that Keswick is a thriving town as ever. We were pleased to catch a glimpse of Judith and Tony's bungalow in Keswick.

A dozen or so sea-gulls perching on the poles of the boat-moorings, made a lovely and yet comical picture. A bird of prey feeding on its 'feast' was opportunely and skilfully captured on camera. The Lake/the Water with little islands dotted here and there; boats passing to and fro together with the backdrop of hills and forests created a picturesque scenery and poetic setting. The beautiful picture of sunrise fighting its way out of the morning mist, and a lonely hill-top house standing proudly on its own, added an edge to the existing scenic views of the region.

The historic Circle of Stones was given a rightful niche among the many wonderful pictures shown. From the photos, we could see the magnificent and breathtaking landscape of the fells, which are the ultimate attractions of the Lake District. Some walkers were trudging along the steep and rather treacherous mountain tracks and some preferred the not so strenuous paths of the fells. Three out of four members of the Howard family made cameo appearances on the photographic show on some of the walks. During the Queen's Diamond Jubilee celebration, the Keswick Scouts lit a beacon on top of Catbells. The show was concluded with the fitting story of 'The Tale of Mrs Tiggy Winkle' by Beatrix Potter.

At the December meeting we entertained ourselves. We had a miscellany of stories: hilarious, sentimental, joyful and spine-chilling. We had one solo singing and even a mini quiz on carols. We concluded the entertainment by singing carols accompanied by Freda on the piano.

There will be no meeting in January 2013. We are grateful that Colin Brown has kindly agreed to give a talk 'ROWING - A BAROMETER OF ENGLISH SOCIAL CHANGE' in February 2013.

From the Friendship Club, we wish you all a Merry Christmas and a Happy and Healthy 2013.

## KENYA and back

Having packed my bag with 103 knitted hats, 9 red pullovers, tooth brushes, a variety of craft items, presents for Michelle, Ruth, Dennis, Russell, Lameck and three other parcels for our sponsored children, and a few clothes, I was ready for my adventure!

Janet took me to Heathrow where I met the other members of the group, builders, electrician, and Volunteers, Sue (administrator) and the founders daughter, Nancy. It was an over-night flight to Nairobi so when we arrived we had a coffee before our next flight from another airport to Mumusia. When we arrived there we were driven to a craft market. Wooden items, cards made from banana leaves and many other items were on display. From here we went to a fish restaurant on Lake Victoria. You made your choice of fish and then it was cooked on the open fire. This was served with salad and pasta.

Lake Victoria has a problem – there is a weed spreading in the water covering quite a large section at the water's edge. Eventually after travelling over some very bumpy, holes filled with bricks, huge puddles on the red clay roads, we arrived at the “Chiefs House” – home for a week. My small room had a wooden frame bed completely covered with a mosquito net hanging from the ceiling, a chair, 2 box lids under the bed, 2 coat hangers on the door and a woven laundry basket. My window looked out on to a yard which had a small hand basin and mirror, 2 toilets and 2 showers. It reminded me of my Grandparents home – everything outside.

Each morning at 6a.m. the yard was scrubbed, the cockerel crowed, the 4 puppies yapped, the cow mooed and people began to use the facilities! Would I survive? We all met at breakfast at 7.30am, then our briefing for the day. Carlos, who came from the Philippines as a VSO worker, was in charge.

As it was Sunday, we all went to Church. Most of the volunteers accompanied the children who walked, luckily I had a ride. The church was full, children, their guardians, and other members of the congregation. Our group sang to them – “He’s got the whole world in his hands.” I played on the keyboard. After the service the children, guardians and volunteers walked back to St. Irene’s school, it was the lady Irene who found the baby in the sugar plantation, and not being able to trace the mother, took him in and called him Moses. From that beginning there is now Noah’s Ark and St. Irene’s school for orphaned children. Another 40 will be starting in January.

HIV/ Aids has taken so many parents lives, that the children have Guardians. These may be one parent, Grandparent or for those without anyone, a guardian. While I was there, we gave each “family” a cooking pot, mosquito net, a solar light, and a tree to plant. When we visited a senior school, I planted a tree, rather a tricky operation – the hole was so deep, so I stepped into it – as I had not knelt since I had my new knee-cap! I thought if I knelt I might fall in head first! Class 7 has pupils aged 11 – 23! They cannot move to Class 8 until they reach a certain standard - there are well over 100 in this class! Visiting Noah’s Ark for the smaller children, where they sang with actions to us, they all received a colourful knitted hat and a toothbrush. The classroom walls are

full of information – tables, spelling, exercises, healthy advice, scripture and some pictures, all painted on.

One day I visited Idie (pronounced Edie). This little boy of seven years is blind in one eye, and needs an operation to save the other eye, but this will cost £800, so we are trying to raise this money as quickly as possible. He has been unable to go to school, and lives in a very small “home” with very few comforts. We took the mother some food – maize and beans. I had seen the maize ground at the “mill” which was in a parade of shops – a very “old fashioned” way for us but still workable.

The morning we were going to the Hospital, Ali my driver took me to the town of Kisumu where I went shopping in the supermarket. I then went to the market and purchased some material for Sue and myself. Ali was able to make sure the price was right! While waiting for our second car, I enjoyed the company of three little children who came to see me sitting in the car with the door open. When I spoke to them, they giggled and ran off, only to return again and again! Then we went to the hospital to deliver the small hats and garments for the premature babies. One baby was just an hour old. Another mother was there with her two children, the youngest one was 8 months old but she was unable to go home because she could not pay the fee.

On the Friday morning, groups of children were coming to the house to make “thank you” cards for their “sponsors”. I sat with them at the long dining room table, with coloured pencils, sticky pictures, and other craft items. Moses sat beside me, now in his teens, and learnt how to fold butterflies and rosettes for putting on cards. His “sister” made a bracelet and necklace with beads I had taken. They were both home from their school, but joined us at the table. My last task was to paint a picture of a very large toothbrush – the width of my arms outstretched. This was to put on the school wall with words to encourage them to brush their teeth.

Time to pack and come home. One more ride on the bumpy road! Waves to the many children standing on the roadside, and putting my hand out of the window as we approached the road-blocks by the “corrupt “police. Whites pass – blacks pay a toll. We went through five of these on our journey to the airport. Ali would have to pay on the return journey.

What an experience! It was great, and I will go again if at all possible. How about you becoming a “volunteer”? Not cheap but well worth it! Or perhaps you would like to support a child? Buy a Brick for the new kitchen? Or perhaps a solar “d-light” so that they can see at night! Just see me!

*Freda*

## The Outreach Group

Over the last two issues of The Outlook I have been explaining about the charities that we are currently supporting. Here is the third one.

Smile Train is a UK based charity which operates around the poorest parts of the world. Smile Train's mission is for every child born with a cleft palate or lip anywhere in the world to have the opportunity to live a full and productive life.

Clefts are a major problem in developing countries where there are millions of children suffering with unrepaired clefts. Most cannot eat or speak properly. Often they are not allowed to attend school or hold down a job. They face very difficult lives filled with shame and isolation, pain and heartache. Their clefts go untreated because they are poor, too poor even to pay for simple surgery that has been available for decades.

The Smile Trains have been converted into medical surgeries and manned by qualified doctors and nurses some of whom give their services free of charge. The trains travel around poor rural communities where there is very little or no access to medical treatment. Over the last 13 years more than 800,000 free cleft surgeries have been performed. 320 surgeries are performed in a day worldwide which means that every 5 minutes a child's life is changed for the better.

13 years ago the very first patient was a little girl called Wang Li. Thanks to the surgery she has been able to go to school, eventually got a job and has recently married. These photographs are of Wang Li before surgery and on her wedding day. Each surgery costs £150, a small price to pay to transform a child's life forever. Small wonder, then, that the Outreach Group chose to support this charity and are grateful for all your support in raising funds.

Thank you for your support.
